

- Pinch - Pencil- Wave - Goblet - Measuring Guide.

How to measure the width:

This is the total width of your track or pole, excluding finials(decorative ends).

How to measure the drop:

USING A POLE -

- For All Headings -

Measure from the bottom of the pole rings to your desired drop.

USING A TRACK -

- For Pinch Pleat - Wave - Goblet -

Measure from the bottom of the track to your desired drop.

(If using a silent gliss track for wave heading, please specify number of gliders).

- For Pencil Pleat -

Measure from the top of the track to your desired drop.
